

SUPERMARKET

refrigeration system & display case solutions for your store

about Supermarket

For supermarkets and grocery stores, Zero Zone refrigeration systems are built to efficiently cool dozens of aisles. These stores are essential parts of our communities, and they rely on dependable refrigeration to serve a wide range of customer needs. Our refrigerated display cases not only keep products fresh but also enhance their visual appeal—helping you attract shoppers and maintain quality. At Zero Zone, we're dedicated to delivering performance you can count on, every day.

Reveal Merchandiser®

get it before it's gone!

Hybrid™ Display

A Hybrid™ merchandiser is a remote case with a condensing unit sized appropriately for each case. This combines the ease of a self-contained case with the capacity of a supermarket case.

Good news! Hybrid™ display cases can be installed until **January 1, 2026** in accordance with the AIM Act. They are only available this year so get it before it's gone!

case solutions

Zero Zone Display Cases

Supermarkets aiming to broaden their product selection, such as beverages, frozen treats, or specialty items can find the perfect solution with Zero Zone. We offer refrigeration equipment that fits your store's scale and evolving needs.

system solutions

Refrigeration Systems

Custom Electrical Mechanical Center

A fully integrated, weatherproof solution that combines refrigeration racks, electrical distribution, and custom controls into a pre-assembled, space-saving unit designed for fast installation and long-term reliability.

Parallel Rack Systems

Available as both indoor and outdoor, these systems provide supermarkets with flexible, energy-efficient refrigeration solutions that optimize space, ensure reliability, and support easy maintenance in any environment.

Outdoor Parallel Rack

Genesys™ by Zero Zone Natural Solutions

Why CO₂ in Supermarkets?

- > Future-proof for refrigerant regulations
- > Energy efficient
- > Stable, non-toxic, non-combustible
- > Ability to use heat reclaim for space heating, dehumidification, and heating water

now available

90-Bar Pressure Rating

A 90-bar rated CO₂ display case and system can hold charge for longer, reducing the risk of losing refrigerant and reducing your potential product loss during downtime.

Talk to your sales rep today to see if 90-Bar solutions are the right fit for your store!
