

# GUARDIAN<sup>®</sup>

## merchandiser

### *A Self-Contained Propane Display Case*

#### PLUG AND PLAY

*Roof-mounted packaged refrigeration unit (PRU) allows for quick and easy setup by simply plugging in the case.*

#### ENERGY STAR<sup>®</sup> CERTIFIED

*Our design ensures efficient cooling, saving you money on energy while exceeding Energy Star<sup>®</sup> specifications. This provides reliable and sustainable cooling to maintain your product temperatures.*

#### DOORS

*30" doors. Designed to resist condensation and sweating, even in humid store conditions. Available with 2 to 5 doors.*

#### INSTALLATION

*Easily fits through a standard 80" door without tipping or disassembly, and can be moved directly from truck to store with a forklift for quick setup.*

#### EASE OF CLEANING

*Relocating the refrigeration circuit to the top of the case opens up the bottom pan—making room for product and allowing for easy cleaning.*
