

GUARDIAN® PROPANE **SELF-CONTAINED MERCHANDISER**

DAIRY | DELI | PRODUCE | FRESH MEAT | BEVERAGE | FROZEN FOOD | ICE CREAM

GUARDIAN®

merchandiser
CGLC30 • CGMC30

The Guardian® Merchandiser is a self-contained propane solution designed with versatility and efficiency in mind. Ideal for dollar stores, small-format shops, end caps, and remodeling stand-ins, the Guardian® delivers reliable performance in your store's footprint.

REVERSE AIRFLOW

Reverse airflow reduces frost on products/doors, ensuring clear visibility and product integrity.

PLUG AND PLAY

Roof-mounted packaged refrigeration unit (PRU), designed to be ready to go by simply plugging in the case.

STRUCTURE

Engineered for durability, these cases support PRUs plus an extra 250 lbs, with rigorous ceiling load testing for reliability.

INSTALLATION

Designed for effortless installation, this case fits through standard 80" doorways and moves easily from truck to store via forklift, streamlining setup.

END CAP

Perfect for promotional items, grab-and-go products, or seasonal features—this end cap solution boosts product visibility, drives impulse sales, and has a compact design for flexible store placement.

PICKUP

Keeping groceries at the right temperature and neatly sorted, our solutions are easy to install in pickup zones. This enables quick, accurate pickups with minimal wait time for customers.

RENOVATIONS

Great for temporary placement, our solutions keep your merchandise accessible and organized throughout the remodel process. With flexible, quick installation, you can seamlessly transfer cases between stores during renovations.
